Invest in wood – for natural growth in your wealth

Investment

As a leader provider of tree investment schemes, we have paid owners proceeds from wood sales 24 times since the foundation of ShareWood in 2007, with average returns of over 6.0 – 8.9 % IRR p.a. (as of 2019) from the renewable commodity wood. [>](#)

Sustainability

As the owner and investor, you make an active contribution to protecting the environment, because every tree planted helps to improve the global carbon footprint and thus alleviate your conscience. [>](#)

Business

The Swiss group ShareWood is a leading player in the sustainable cultivation of forests and plantations. Its motto, to which it adheres at all times, is «profit & nature in harmony». [>](#)
