Risk Warning : Trading foreign exchange on margin carries a high level of risk, and may not be suitable for all investors. Before deciding to trade foreign exchange, you should carefully consider your investment objectives, level of experience, and risk appetite. There is a possibility that you may sustain a loss of some or all of your investment and therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with foreign exchange trading, and seek advice from an independent financial advisor if you have any doubts.

CFDs are complex instruments and come with a high risk of losing money rapidly due to leverage. Between 63.18% of retail investor accounts lose money when trading CFDs with Orbex Limited. You should consider whether you understand how CFDs work and whether you can afford to take the high risk of losing your money.
