We love to welcome you

Right in the Crypto Heart of Switzerland

Located at 25 km south of Zurich, Zug is a small city that is hosting more than a dozen of bitcoin companies. Dubbed "Crypto Valley Zug," the city has been referred as the Silicon Valley of finance and is meant to become the global center for cryptocurrencies.

Mission.

The future of Switzerland is to a large extend relying on a successful financial sector. Fintech is the future of the financial sector: Fintech is the future of Switzerland!

Therefore, it is our mission to define a Fintech friendly environment in Switzerland that is based on collaboration and a strong network.

People
We aim to serve our Clients in the best way possible. That is why we trust in our high skilled Team of Professionals and Advisors

Innovation
Financial technology is a rapidly advancing industry with a huge growth potential for new business, providing numerous opportunities for monetization. Expertise and information exchange are crucial to keep track of developments. That's why we count on education of our staff and partners. Swiss Fintech Development AG, always a step ahead

Fintech in Switzerland
Switzerland has become a major player in worldwide Fintech industry. Big Banks based in Switzerland are entering the Market after Finma issued Fintech friendly regulations. Therefore you can trust in Swiss based Fintech.

Development
Fintech has changed financial services, allowing non-traditional firms to enter the space. Innovative developments in areas such as Big Data and Blockchain, allows Fintech organisations becoming key players.

Projects.

Fintech has changed drastically from its implementation in the form of ATMs in 1967 by Barclays. We are amazed to work in such a innovative industry and are currently focussing on this Projects:

www.swisscoin.eu

Crypto Currencies are changing our financial life. Blockchain-Technology allows to rethink classic financial Transactions. The possibilities and features of this technology are expanding every day. This market is focused by Swisscoin, a Crypto Coin based in Switzerland.
